Max Huber, 76, Dies Suddenly This Morning

Veteran Painter Passes Away as He Prepares to Start Day's Work

His expressed wish regarding the manner of his death came true for Max Huber, 76, for more than half a century a painter and contractor and expert sign painter in this region, who passed away suddenly this morning at his home in Antioch township as he was preparing to set out on his day's work.

Huber had risen at his customary time and intended to start work upon a painting job around noon today. Shortly after arising, however, he had returned to his bedroom and his wife heard him fall to the floor.

Summoning Dr. W. F. Kraemer, she followed his instructions for first aid while the physician was en route to the home, but Huber passed away almost instantly and was already dead when Dr. Kraemer arrived.

Came Here as Youth

He was born July 13, 1869, in Munich, Bavaria, Germany, and came to this country at the age of 18, settling shortly afterward in the Lake Villa and Antioch area. For a time he maintained a paint shop in Lake Villa.

With the exception of a few years during which he and Mrs. Huber (who before their marriage Nov. 20, 1907, was Mrs. Louania Wallis Little) lived in Colorado, he was a life-long resident of this area.

Survivors include his half-brother, Frank, of Antioch; a step-daughter, Mrs. Nina Fox, and a step-grandchild, both of Antioch township.

He was for many years active in the Masonic lodge here and was one of its past masters.

Final services will be held in the Strang Funeral home here, probably on Saturday, although the exact hour had not been announced at the time the News went to press today.

Huber was widely known and well liked throughout this region. He had a wonderful memory and was noted for his ability to recall details of earlier days.

Annual Concert Will be Given in High School Auditorium

The annual spring concert by pupils of Antioch Grade school will be presented Friday evening, April 13, in the high school auditorium.

"Action songs" by the kindergarten, rhythm band numbers by the first and second grades; "Cowboy and Indian Rhythm Makers," featuring third and fourth graders, will be among the specialties.

"We are all Americans," a song and verse sketch by the fifth and sixth graders; choral selections by the seventh and eighth grades and popular numbers by a grade school band under the direction of Hans von Holwede are to make up the balance of the program.

Hank Always Said He'd Roll a Perfect Score; So He Bowls "300" Sat.

After promising for the past two or three years that he'd do it, Henry Pape has finally made good his boast. He rolled 12 strikes in a row to bowl a perfect "300" game in the Antioch Recreation parlors at 5 o'clock Saturday afternoon.

His record, the first perfect score made at the local alleys, was chalked up during an afternoon of open bowling.

In only one respect has "Hank" failed to make good his boasts.

He had promised that if he ever DID make that perfect score, he'd put away his bowling ball (in a gold frame, no doubt) and never touch it again. . . but he hasn't been saying much about the latter promise since Saturday. And nobody seems to be insisting much upon his keeping it, either.

Mr. and Mrs. W. A. Thompson returned home Thursday, after spending the winter in Leesburg, Florida.

Mr. and Mrs. Earl Pitman returned home Sunday after spending the winter months in Florida.

Tax Books to Be Ready in April, County Clerk Says

Tax books will probably be ready for delivery to town collectors about the middle of April, according to County Clerk Jay B. Morse and Walter Smith, head of the tax extension division in the county clerk's office.

The collectors will start preparing and mailing bills for individual taxpayers immediately upon receipt of their tax books. Penalties will not go into effect until June 1.

An assessed valuation of \$89,088,030 for the county for 1944 is the basis for the tax rates. This valuation is an increase of \$214,433 over that for 1943.

Antioch School District No. 34 will have a rate of 6.20 as compared with one of 6.07 for 1943.

Tax rates for some of the other school districts are as follows:

	1944	1943
Lake Villa (32)	5.01	5.38
Lake Villa (41)	5.75	6.08

George J. Lux Fatally Injured While Plowing

Tractor Mishap on Elfering Farm Causes Death of County Resident

Badly injured in an accident that occurred as he was backing a tractor to a plow coupling, George J. Lux, Sr., 63, died Saturday afternoon on the Louis Elfering farm, State Line road just west of Highway 41.

Lux, who was Mrs. Elfering's father, apparently lost his balance or was jolted from the tractor seat as the machine came into contact with the plow coupling, and the plow passed over him.

The accident occurred around 4 o'clock, just after Jerry McNamara, Jr., working on the adjoining McNamara farm, had helped him tow the stalled vehicle to a start.

On returning to his own field, McNamara looked back and saw the tractor backing in circles and Lux lying on the ground.

Calling his father, Jerry, Sr., and a brother, Claude, he went to Lux' aid and a summons was put in to the Antioch Rescue squad and Dr. I. L. Breakstone. Lux was still alive when the McNamaras reached him, but succumbed to his injuries before the first aid men and physician arrived.

An inquest was conducted by Coroner Garfield R. Leaf Monday afternoon in the funeral home at 408 North Sheridan road, Waukegan.

An investigation conducted at the scene of the accident by Deputy Sheriff Frank Valenta and Raymond Simmers disclosed that the coupling bar connecting plow and tractor was broken.

Funeral services were held Wednesday morning at 9:30 o'clock from St. Anastasia church, with burial in Ascension cemetery.

Lux, who was born in Waukegan and was a life-long resident of Lake county, was a member of St. Anastasia parish and of the Catholic Order of Foresters.

His wife preceded him in death in 1918.

Survivors are a son, George, Jr., of Wadsworth; seven daughters, Mrs. Elfering, of Route 2, Antioch; Mrs. W. John Finel, Mrs. Michael Bellefy and Miss Alice Lux, all of Wadsworth; Mrs. Harold Behringer, Mrs. William Boysen and Mrs. Raymond Shebesta, Libertyville.

He also is survived by three sisters, four brothers and 27 grandchildren. Several of the grandchildren, including three members of Elfering family, all overseas, are in the armed service.

Final rites for Mrs. Elizabeth Kitzrow Van Patten, 58, a former resident of Antioch, were held Monday afternoon in the Hansen Funeral home, Kenosha.

She was born in Chicago Nov. 20, 1886, and was the daughter of the late Mr. and Mrs. Herman Kitzrow. Her parents moved to Kenosha when she was a child, and she received her early education in the public schools there.

On Sept. 10, 1910, she was united in marriage with William E. Van Patten, who survives her. They lived in Antioch until 1918, when they transferred their residence to Kenosha.

Survivors include a son, Sgt. Charles Van Patten, serving with the U. S. army in Germany; a step-son, Lawrence, of Kenosha; two brothers and two sisters, William Kitzrow, Waukegan, Wis.; Charles L. Kitzrow, Milwaukee; Mrs. Martin W. Anderson, Racine; and Mrs. Robin Tait, Kenosha.

Complete Plans for Patriotic Night Apr. 10

Relatives of Service Men Will be Guests of Honor at Program

Sons of the American Legion will act as ushers for the Patriotic Night program to be sponsored by the Antioch Masonic lodge Tuesday evening, April 10, in the Antioch Township High School gymnasium.

The doors will open at 7:30 o'clock in order that those who have tickets for the reserved seat section may have time to secure their seats well in advance of the start of the program.

No charge of any kind will be made for the program, which is open to the public. The reserved seat section, however, will be limited to relatives of those in the service from Antioch with two tickets being allotted to each family.

The ticket committee, consisting of Elmer Brook, Ray S. Winship and Frank Huber, has been endeavoring to secure as complete as possible a list of the families represented by service men from this area. In order to make sure that none are overlooked, the members of the committee have asked that any families which have not as yet been contacted and which believe themselves entitled to tickets notify the committee.

The seats in the reserved section will be held only until 8 o'clock, when those remaining vacant will be available to the general attendance.

All-Star Program

A brilliant array of talent will be presented on the program, starring such headliners as Vincent Gottschalk, Novak and Fay, Charles Sears, the Margarite Conrad ensemble and Lois Walner.

The staging committee includes Otto Luedtke, Arthur Laursen and Emil Lubkeman. In charge of lighting and electricity are Robert Wilton and Arthur Hawkins; chair arrangement, John Gaa.

Earlier in the evening the artists taking part in the program will be guests of the lodge at a banquet in the Masonic temple. The banquet committee consists of Homer La Plant, chairman, William Hattendorf and George Good.

License Application Rules are Announced

A new supply of application blanks for drivers' licenses has been received here.

Blanks may be obtained from Joseph C. James, Village Clerk Roy L. Murrie and from a number of other business men and business firms in the village.

All present holders of drivers' licenses are required to renew the licenses issued to them three years ago under the Illinois state law, Murrie points out.

He also calls attention to instructions for filling out application blanks.

The application should be written in ink, with the name, address and description of the application printed or typed. All questions should be answered fully, and all restrictions on the current driver's license should be listed on the back of the application.

Applications should be notarized and if mailed, should be addressed to the Drivers' License Department, Springfield, Ill., in a blue envelope, if possible.

Drivers' license applications should not be combined with other types of applications, and the different items with one check will be returned if one application is in error.

In the case of applying for a new license, as distinguished from a renewal, care should be taken to secure the proper application blank. The parent or guardian of a minor must sign their application, under oath. Applications sent on the wrong type of blank will be returned.

Payment should be by postal or express money order, certified check, cashier's check, or "licensed" currency exchange check. Currency or stamps should not be sent.

Budget Voted at Annual Town Meeting is Lower Than Last Year's

A budget of \$17,100 was voted by the electors of Antioch township for the fiscal year commencing April 3, at the annual town meeting Tuesday afternoon. This is a reduction of \$1,653 from the budget for the previous year, when the levy was set at \$18,758.

The assessment rate will remain the same, .20 on each \$100 valuation.

The town fund, \$5,300, and public library fund, \$4,000 both showed reductions from the past year, when they were set at \$5,700 and \$5,358, respectively. The poor relief fund, \$7,800, however, represented an increase of \$100 over last year's.

An ordinance providing for the creation of a zoning commission was presented, but action was deferred until later in the month.

The village election will be held Tuesday, April 17.

It is customary to hold a meeting during the latter part of April to accept applications for tavern licenses, which must be renewed by May 1.

Forrest, The Man

Periodically an outstanding book appears which shows how the individuality of some man had an irresistible influence on persons who came in contact with him. The United States has been built by such individuals since the first landing at Plymouth Rock.

Bobbs-Merrill has just published "First with the Most Forrest," a work by Robert S. Henry, which reviews the life of such a man. He became a legend during the Civil War—Nathan Bedford Forrest. Unlike the phrase which Prime Minister Churchill coined, "too little and too late," Forrest is known for his military maxim, "first with the most"—often misquoted, "Get there first with the mostest men."

It does any of us good to read about men like Forrest who by sheer individuality rose from the bottom to the top of the ladder in their activities. His military life started at the age of 40, after he had made more than a million dollars trading in lands, livestock, cotton planting, and the buying and selling of slaves, in which latter trade he was noted for not separating families or selling to individuals who would be cruel masters. Forty-five of his slaves followed him through the Civil War as teamsters and he gave them their free papers 18 months before the war closed for fear he might be killed.

He enlisted as a private in the Confederate army because his "vote had been unable to preserve the peace." He was the one private of all the armies of that war to rise to the rank of lieutenant general, and whose operations long after he was dead were to receive the respectful study of commanders of armies in the United States and Europe. He had no previous military education and little schooling. As private or general, he was in the midst of combat. He was wounded four times, had 29 horses shot out from under him, and was credited with no fewer than 30 enemy soldiers accounted for in hand to hand fighting.

Henry's book is a fascinating story of Civil War action that is generally buried in dry, factual history. The book gives the reader a better understanding of the South, and it illustrates once again that the United States was built by individuals, regardless of which side they were on, or the lowliness or prominence of their positions.

A Constructive Program

There is one type of public construction that does not put government into competition with private enterprise—roadbuilding, which all the people can use. Those who think they have no interest in an adequate highway system, because they do not use it extensively, should revise their opinion. Even in peacetime, good roads are an essential part of the transportation machinery that keeps the country going.

According to the American Roadbuilders' association, 75,000 miles of the nation's 415,000 miles of main state highways are worn out roads of 20 or more years of service, which must be rebuilt. Another 47,000 miles should be widened for safety's sake and to eliminate congestion. Highways that should be relocated to save time and distance total 37,000 miles. Nearly 160,000 miles, or more than one-third of the main state highways, require major improvement. Some 30,000 unsafe bridges must be rebuilt or widened.

In addition, several hundred thousand miles of the more than 2,400,000 miles of county and farm-to-market roads require improvement, grading and draining or light surfacing. Thousands of miles of city streets need reconstruction or new surfacing.

Urge Veterans to Keep

Their Government Insurance

A plea to all discharged servicemen and women to keep in force the National Service Life Insurance which they carried while in uniform is being made by the American Legion. In Illinois, all posts and districts of the veterans' organization, under the leadership of Lester R. Benston, state service officer, are taking steps to point out to World War II veterans that under recent changes of the National Service Life Insurance Act, they may now, as civilians, reinstate their insurance by payment of only two monthly premiums.

Alarmed by the growing number of insurance policies that are being forfeited through lapse of premiums, most of the nation's major life insurance companies are supporting the Legion's plea. To date more than 260,000 service policies, averaging \$8,000 and totalling \$2,080,000,000 are known to have lapsed. The premiums already paid on these policies and that would be lost to their discharged holders total more than twelve million dollars.

Only one out of every five discharged veterans is retaining his government insurance protection, the Legion states, this despite the fact that it costs only 67 cents monthly to keep a \$1,000 policy in force.

THE OLD JUDGE SAYS...

"That's news to me, Judge. From the way some people talk you would think it was at least 50%."

"No, Clem, there's the statement right here in the paper...from authorities who have made an exhaustive study of the subject. Only about 5% of the people who drink occasionally abuse the privilege... 95% drink sensibly."

"No wonder you say it wouldn't be fair to take the privilege away from the other 95%, Judge. I agree with you."

"I can't see it any other way, Clem. No"

Celebrates Her 97th Birthday, Attends Good Friday Service

Still young in spirit, Mrs. Carl Kanis of Wilmot, believed to be the oldest resident of Kenosha county, celebrated her ninety-seventh birthday anniversary last Thursday and on the following day attended Good Friday services in Peace Lutheran church there.

Mrs. Kanis, known both to relatives and friends as "Grandma," has always been renowned for her expert needle work.

She is said to have made literally hundreds of patchwork quilts during her lifetime and also excels in the making of braided, crocheted and knitted rugs. At the present time she is working on rugs.

"Grandma" Kanis often spins her own yarn for stockings and socks. She has always taken part in parades in connection with the Kenosha county fair at Wilmot, and on one occasion the float on which she appeared featured her sitting at her spinning wheel. She was invariably among the prize winners at the fair.

"Grandma" was also very fond of playing buncle, and until late years attended all the buncle parties in the village.

Johanna Kanis was born March 29, 1848, in the town of Lubbock, Pomern, Germany. On Oct. 27, 1871, she was united in marriage with Carl Kanis, who, despite having the same name, was not related to her family.

Together with their two sons Ben and Charles, they came to Wisconsin in March, 1883. The family settled in the vicinity of Wilmot, and for many years Mrs. Kanis lived in her farm home east of the village. Her husband died May 5, 1920, a year and a half before they would have celebrated their golden wedding anniversary. Their son Bernhard died in 1939 and two other children passed away in infancy.

A son, Charles, and a daughter, Mrs. Olga Frank, both live in Wilmot community. Mrs. Kanis has 8 grandchildren and 12 great-grandchildren. The only other member of her family to come to this country from Germany was Mrs. Fred Pella, who died some years ago.

TEN SHORT YEARS AGO...

1935—Japan started the year off in fine form by repudiating the Washington Naval Treaty.

1935—Hitler's puppet government officially adopted the most dreaded symbol of our times—the swastika.

1935—Mussolini mobilized 10,000,000 Italians.

1935—In America, many wise and prudent people bought the first of the United States Government's "Baby Bonds." These were the small-denomination bonds that were later to become Defense Bonds, and finally War Bonds.

1945—This March, the happy holders of 138,192 matured Baby Bonds will get cash for them—36 million dollars of it *this month*! Four dollars for every three. The same generous return you'll get ten short years hence from the War Bonds you purchase today.

Think about those ten years.

It will seem like yesterday when you gather in your full hundred for the seventy-five dollars you're loaning your country in its time of need.

The United States is in genuine need of your money now. Buy yourself another War Bond *today*—and you'll cash in on time's swift flight *tomorrow*!
